Simple. Flexible. Convenient.

Providing Honda customers with simple, flexible and convenient finance options to help finance their new Honda.

Honda Contract Hire is a type of lease agreement which is supported by Honda.

For businesses that prefer to hire vehicles rather than own them outright, Honda Contract Hire offers tailored monthly rentals for easy budgeting.

Why choose Honda Contract Hire?

- ▶ Low initial outlay and fixed rental amounts for easy budgeting and cash flow management.
- ▶ Optional maintenance packages.
- ▶ Subject to terms and conditions, flexibility to change your contract term and mileage should your circumstances change.
- ▶ No concerns over the residual value or disposal of your car at the end of the contract.*
- ▶ Rentals are available across the Honda car range on a variable term, variable mileage per annum, maintained and non-maintained basis.

*Subject to meeting the return Terms and Conditions of your contract

Contract Hire

Contract Hire allows a business to hire a new Honda instead of buying it outright.

How does it work?

- ▶ Choose the car you want.
- ▶ Estimate how many miles you will drive each year, as this will affect your monthly rental.
- ▶ You can then choose the length of contract to suit you, from two to five years.
- ▶ You will have to pay an initial rental, which is normally three or six rentals in advance.
- ▶ You can also choose to pay for an additional monthly maintenance package to cover servicing, maintenance and tyre replacement costs.
- ▶ Once you've paid all of your rentals, as you can never own the car, you simply hand it back to Honda Contract Hire.*
- ▶ They will check the car and, as long as you've stayed within your agreed mileage over the contract term and the car is in good condition, you have nothing further to pay.
- ▶ You can then choose to go back to your Honda dealer and start looking for your next Honda.

*Subject to meeting the return terms and conditions of your contract
