

CITROËN C4 CACTUS

Designed by  
**Le TONE**

1934

CITROËN revolutionises the automotive landscape with the Traction Avant. The famous name relates to its ground breaking front wheel drive engineering.

During the 90s Le Tone had a major hit, "Joli Dragon", and devoted himself to music for 15 years before progressively moving towards illustrative art. Since 2011 his creations have been exhibited in famous places such as the Pompidou centre. An admirer of artists who know how to make the best use of colour, Le Tone confesses to having a weakness for black and white, which he uses to tell simple stories by using felt pen drawings in notebooks.

2014

CITROËN C4 CACTUS is launched, incorporating the innovative AIRBUMP® protection system.

1919

The pioneering CITROËN Type A enters mass-production.

1939

CITROËN launches the 'TUB', a supremely practical modern design with a sliding side door: its successor is the famous type H.

1948

The much-loved 2CV is created as a "safe and economical vehicle, able to carry 4 people on-board and 50 kg of luggage". More than 5 million are made.

1968

It's a golden age for light and agile vehicles like the Ami 6, Dyane and Mehari, a unique design for all roads and multi-purpose use.

1974

The 70s and 80s see CITROËN technology triumph, with models such as the AX, BX, CX and advanced XM, a prestigious vehicle equipped with Hydractive suspension.

2015

Winners of the manufacturer's Rally Raid World Cup from 1993 to 1997; Rally Raid World Cup Drivers Champion four times in a row; eight manufacturer's Champion titles in WRC plus two in WTCC ... CITROËN continues to demonstrate its exceptional motorsport pedigree, year after year.

## SUMMARY

P. 10 – DESIGN

P. 16 – COMFORT

P. 28 – TECHNOLOGY

P. 42 – EQUIPMENT

## SIMPLY UNIQUE

In the busy blur of everyday life, CITROËN C4 CACTUS stands out from the crowd because it's fresh, innovative and different in every detail. Here's a new interpretation of crossover, mixing space, comfort, refinement and useful technology with effortless simplicity. CITROËN C4 CACTUS is no ordinary vehicle; it's a celebration of unique design.

## INNOVATION SURROUNDS YOU

Airbump® is a prime example of what makes CITROËN C4 CACTUS so refreshingly original. Distinctive, stylish and practical, it fits seamlessly into the sides, protecting your car from everyday knocks and scrapes. The air filled capsules are made from tough Thermo Plastic Urethane that simply shrug off minor impacts – and unwelcome repair costs. Unique to CITROËN, Airbump® is both head turning and ingenious.

## PERSONALISED PROTECTION

In addition to extra protection, Airbump® also adds more potential for customisation. Available in Black, Stone Grey, Dune and Chocolate, it provides a striking or subtle contrast to your chosen body colour and interior trim. Feel free to make CITROËN C4 CACTUS individually yours.

## MINIMAL ELEGANCE

Bright, airy and spacious, the interior of the CITROËN C4 CACTUS welcomes you with a spot-on driving position and minimal, fuss-free dashboard. Instead of a multitude of buttons you'll find a clear, simple digital display that lets you control air-conditioning, music, sat nav and phone. Choose the semi-automatic Efficient Tronic Gearbox [ETG], with its compact easy to use selector to complete the effortlessly elegant feel.

## 7 INCH TOUCHSCREEN INTERFACE

A feature of every CITROËN C4 CACTUS is the 7 inch Touch Screen interface. This enables you to access all your technology and important equipment\*.

*\* Exact equipment varies between models. Some options are only available as part of a pack. Your dealer can help pinpoint the right version for you.*

*\*\* Requires a Bluetooth® compatible smartphone.*

*\*\*\* Compatible with Apple products only.*

**AIR CONDITIONING**  
Leave the system in automatic and it will maintain your ideal temperature all day long. You can also manually select low, normal and fast modes.

**DRIVING AIDS**  
Safety and convenience features at your fingertips include a reversing camera, Park Assist and programmable cruise control with speed limiter.

**MEDIA**  
Move easily between your audio options and choose between radio, streaming, Bluetooth\*\* and MP3 devices\*\*\*. You can also access your pictures.

**NAVIGATION**  
Here's sat nav with added intelligence. Maps include speed limits and the most economical route to your destination.

**SETTINGS**  
An on-board electronic manual contains all the details and settings for your CITROËN C4 CACTUS. Explore it when the vehicle is stopped to personally fine-tune everything.

**PHONE**  
Bluetooth® Handsfree\*\* enables you to make and receive calls safely on the move. The 7 inch Touch Screen makes it even easier, giving quick, clear access to your address book – you can even add pictures of your contacts.

## LIVING ROOM

## SPACE TO SHARE

Generous, sofa-style front seats and a relaxed ambiance make the CITROËN C4 CACTUS interior a place to share and enjoy. There are loads of quality details and unique features, such as the leather luggage style door handles and the roomy Top Box. This provides an extra 8.5 litres of storage just where you need it, because the passenger airbag is now housed in the roof. It's a classic CITROËN innovation and a world first!

- (1) Even the ETG gear selector is innovative and better to use. The Easy Push design features a simple, compact switch on the lower dashboard, with D, N, and R modes. The system also gives you steering wheel mounted paddles for safe, effortless manual gear changes.
- (2) On some versions, CITROËN C4 CACTUS has a beautifully designed large central armrest. It helps you get into that perfect, comfortable driving position.
- (3) With the passenger airbag now located in the roof, there's plenty of room for the spacious Top Box. It's one of many smart storage solutions.

## COMPACT BUT ROOMY

Being only 4.16m from nose to tail, CITROËN C4 CACTUS is compact and handles beautifully. Inside, it's all about innovative space efficiency, with room to relax for everyone. The sofa style front seats and minimalist dashboard design help to create an interior that's generous, accommodating and very practical. There's 358 litres of boot space and a 60:40 folding rear seat make this a versatile place for your luggage.

## SOLAR FLAIR

Unique to CITROËN C4 CACTUS, the sweeping panoramic sunroof fills the interior with natural sunlight whilst providing UV protection. In winter conditions it acts as insulation, keeping you snug and warm, and because of its excellent thermal efficiency, there's no need for sunblinds. This means that the panoramic sunroof is lighter than conventional designs, contributing to fuel economy and efficiency too.

## TECHNOLOGY FOR LIFE

CITROËN C4 CACTUS features a diverse mixture of technology that make life on the move effortless, enjoyable and safe.

## SAFETY AND DRIVING AIDS

### AIRBAG IN ROOF

Mounting the front passenger airbag in the roof has created room for the 8.5 litre dashboard mounted Top Box. It's a CITROËN innovation and a world first that simply adds new, perfectly positioned storage.

### HILL START ASSIST

On inclines of more than 3%, Hill Start Assist automatically holds the car for 2 seconds as you move off. This prevents you rolling backwards when you release the brake pedal and ensures smooth safe hill starts every time.

### MAGIC WASH

More fresh thinking from CITROËN, Magic Wash integrates the washer nozzles into the windscreen wipers rather than on the bonnet. Here they release precisely the right amount of screen wash when activated without wasteful overspray, and use less than half the fluid of a conventional system.

### REVERSING CAMERA

Sending clear images of the view behind to your 7 inch touchscreen, the reversing camera makes even the trickiest parking manoeuvre accurate and easy.

### PARK ASSIST

Find your parking space then let Park Assist do the hard work. It automatically manoeuvres the car perfectly into place while you simply look after acceleration and braking.

### FRONT FOG LIGHTS WITH CORNERING FUNCTION

As you turn the steering wheel, the front fog lights turn too, lighting up corners and enhancing visibility.

## LIGHT, EFFICIENT, INSPIRING

CITROËN C4 CACTUS makes lightness work for you in so many ways. Every part of its design and construction contribute to low weight, high efficiency and strong performance. On average it's 200kg lighter than equivalent compact hatchbacks, which means that the very latest fuel-efficient engines can be used to deliver extraordinary economy with great driveability. Choose a petrol engine version such as the PureTech 110 S&S manual and you can expect CO<sub>2</sub> emissions of just 100 g/km. The BlueHDi 100 S&S diesel engine with manual gearbox produces an ultra-low 82g/km CO<sub>2</sub>, comfortably meeting Euro 6 regulations. It also achieves a class leading 91.1mpg combined fuel consumption.

## — ENGINES WITHOUT COMPROMISE

At the heart of every CITROËN C4 CACTUS you'll find an advanced engine that effortlessly meets the demands for exceptional fuel efficiency, low emissions and sheer driving pleasure. There is simply no compromise. The latest PureTech petrol engines are refined, responsive and economical, whilst cutting edge BlueHDi diesel technology reduces environmental impact further still. A filter removes 99.9% of harmful exhaust particles, whilst the catalyst cuts 90% of NOx pollution. Both petrol and diesel engines meet the latest Euro 6 standards.

Combine the inherent lightness of CITROËN C4 CACTUS with ingenious new engines and the results are clear: emissions as low as 82g/km.

CITROËN C4 CACTUS achieves a class leading 91.1mpg combined fuel consumption.

The BlueHDi 100 is a strong performer: 0 – 62 mph in just 10.6 seconds.

Every engine option meets the latest Euro 6 requirements, driving down fuel consumption and CO<sub>2</sub> emissions.

Our PureTech petrol engine was named "2016 Engine of the Year" in its category for the second consecutive year. The engine also offers one of the most comfortable driving experiences on the market – even at the lowest speeds. With 120 patents to its name, the three-cylinder Turbo PureTech petrol engine cuts fuel consumption and CO<sub>2</sub> emissions by 18% compared with its four-cylinder petrol predecessor. The engine holds two fuel economy records.

## NEW WAVE CITROËN C4 CACTUS RIP CURL WITH GRIP CONTROL

Born to explore and designed for adventure, CITROËN C4 CACTUS Rip Curl is a special edition that reveals an exciting new feature. Grip Control brings better traction on surfaces such as sand, mud and snow, so it's tailor-made for people who love the outdoors. Perfectly adapted to embrace your active pursuits, CITROËN C4 CACTUS Rip Curl is inspired by the great Australian brand that originated close to Cactus Beach, a legendary surfing location.

# CITROËN C4 CACTUS RIP CURL

ESCAPE IN STYLE

CITROËN C4 CACTUS Rip Curl comes in six body colours: Tapenade Grey, Obsidian Black, Sport Red, Arctic Steel, Pearl White and Baltic Blue\*. Naturally these can be combined with your choice of Airbump® colour that includes Dune, Chocolate, Grey and Black. Unique details such as the white door mirrors and roof bars, bold geometric graphics, Rip Curl logos and aluminium effect highlights on the body protection plates evoke a sense of adventure. Inside, orange on speaker surrounds, floor mats and seat belts adds a vibrant touch to the airy, minimal design.

At the heart of CITROËN C4 CACTUS Rip Curl's adventurous nature is Grip Control. Available with PureTech 110 S&S manual or BlueHDi 100 manual engines, Grip Control provides five different driving modes. STANDARD is for every twist and turn on normal surfaces. SAND enables you to get closer to hidden beaches and surf spots. MUD helps you to get a grip on slippery terrain and SNOW gives you extra traction in the wintry wilds or the best ski resorts. Finally, ESP OFF allows you to switch the system off at speeds up to 30mph.

\* Colour available from October 2016.
